

eTravel Gateway

A Travel Technology Systems Ltd. Product

The Travel Industry is moving into the Internet Age...

This is a time of great challenge for travel businesses... the wide variety of connections to Tour Operators, Central Reservations Systems and other data sources is gradually being replaced by Internet-based solutions...

The Time is Right!

All travel agents want to keep their costs as low as possible and eTravel Gateway fits in with this philosophy. With the new un-metered Internet access packages and low-cost 'always on' connections becoming widely available, the opportunity to save on connection costs has rarely been better!

“The eTravel Gateway provides travel agents with an ever-expanding range of Internet-based enquiry and booking systems accessed through a common interface”

Why use the eTravel Gateway?

- Access **Galileo** for a monthly subscription of only £50 for up to 5 users or £70 including ticket production.
- Requires no proprietary hardware or dedicated lines.
- Access the Gateway from anywhere in the world!
- Maintains existing terminal interface - no retraining.
- Does not require a browser - no unwanted web surfing!
- Ultra low software set-up cost of only £25 per user.

Why not get the Best of Both Worlds?

How about a solution which harnesses the new technology without invalidating everything that went before it? Your staff will immediately feel comfortable with a familiar interface that they can now access anywhere, any time via the Internet:

You get the best of both worlds with eTravel Gateway!

Your Next Step..

Existing subscribers to Galileo need only order some Galileo Gateway Terminal IDs (GTIDs)... and a suitable Internet connection to get started. All the software that you need is downloadable from our website. eTravel Gateway will also be your source of news, service bulletins, software updates and other relevant information.

If you are new to Galileo: no problem! Just call us or complete our on-line Enquiry Form and we can advise you on how to get connected.
