2. Gateway User IDs and Installations

You require a **Gateway User ID** for each user who will access the Gateway. The basic eTravel Gateway subscription includes **up to five** Individual User IDs, each of whom are uniquely identified by a user name and password. We will set up the 'primary' or admin user for you, with a default password that can be changed later. The admin user can setup further user IDs, up to the maximum number of users that you have requested.

Please note that you also require a **software licence** for each copy of **ETG Terminal** installed on a PC on your network - including laptops and home PCs. Each **software licence** incurs a one off licence fee of £25, plus VAT. There is no limit to the number of copies of ETG Terminal that you can install, subject only to the payment of the appropriate licence fee.
